 VANTAGE®

START SMALL
FINISH BIG

Wireless Lighting Control

“From *small* beginnings
come *great* things.” }

Start with a single room, then expand and elevate your home or luxury space. Whether wired or wireless, your Vantage system provides convenience, comfort, and security.

{ get started }

*The dimmer is key to room
ambiance, energy efficiency, and
sustainable living.*

Once you have experienced how
precise wireless dimming enriches
your life, you will never go back.

RD11TE-AWYA

*“The Vantage System has
simplified our house.”*

- John Elway -

{ limitless opportunities }

*Effortlessly set lighting scene levels with a
single button press.*

Programmable scene control
lets you fine-tune multiple
lighting loads in a unified
space, allowing you to relax
and enjoy an intimate evening
at home. At the end of the
day, relax knowing the touch
of a button can precisely set
lighting, shading, and climate
for the night.

DSUxxxx-xxxx

{ intelligent and secure }

*The InFusion controller is
the gatekeeper for system
communication and control.*

Unwind with peace of mind.
Exterior lighting provides
security with timed outdoor
scenes. Sensors detect when no
one is present and turn lights
off. Shading adjusts based on
time of day or privacy needs,
all intelligently managed by the
InFusion Controller.

RD13TE-BKYA

{ flexible and convenient }

*Use your own smartphones or tablets
for mobile access and control.*

Expand and modify your system at any time
with in-home wireless communications, local
control, and mobile control. With Vantage's
proprietary software platform, a personalized
InFusion system by Vantage is the most
scalable system available today.

RD15TE-OBYA

Equinox Mobile Phone App

A *unique* approach to “no new wire” lighting integration –
conceived by you, *designed* by Vantage, *delivered and supported* by a
professional team, and backed by a limited, *5-year warranty*.
